

Aisha Fernandes

Application A-04 - Junior Robotics Software Engineer - REQ-2026-014

Skills

Python, Git, Robotics, Kubernetes

Experience

No professional experience yet.

Projects

Coursework assignment: a Python inventory tracker using SQLite.

Education

B.Tech Computer Science, 2022 - 2026. Coursework in Robotics, Kubernetes and Cloud Deployment, Operating Systems and Databases. Completed an online certificate in Python.

Cover Note

My exposure to robotics and cloud deployment is from coursework. I am familiar with Kubernetes concepts from a university module and would like to apply them professionally.

This document is synthetic demo data generated for the X'O Code 2026 hackathon. It does not describe a real person.
